## Message from the Headteacher- Mr. Lacey

### **Great news! Not exactly spades in the ground-but close.**

It's all steam ahead for the new build. The plans for the new school are near completion and building work is planned for the end of next term if not sooner. It's going to be a fantastic two storey building that will be wonderful for our pupils and staff! We will share the plans as soon as possible with you on the website and at the front of the school at the main site.

## Key Events

- **Friday 11<sup>th</sup> April:** Students break up for Easter holidays.
- **Monday 28<sup>th</sup> April:** Students return to school.
- **Wednesday 30<sup>th</sup> April 11am:** FAB Malachi family support session at Baskerville.

### Kestrels Cook Up Success!

Over the past six weeks, Kestrels class has been taking part in a fantastic cookery project at Allens Cross Community Association, developing essential life skills and growing in confidence in the kitchen. The project culminated in a wonderful showcase event Thursday evening, where students prepared and served delicious meals for their invited guests. It was a fantastic celebration of their hard work, and we are incredibly proud of their achievements. A huge thank you to Allens Cross for hosting and to all the families who came to support the event!

### Falcons Craft an Abacus for the Community!

Students from Falcons class have been putting their woodworking and art skills to the test during their weekly sessions at Allens Cross. As part of the project, they designed and built a beautiful wooden abacus, which will now be used by the playgroups at Allens Cross Community Association. This hands-on experience has not only helped students develop practical skills but also allowed them to contribute something meaningful to the local community.

### Successful Parent's Event at South and City College Birmingham

We were delighted to welcome parents and carers to our recent events at South & City College Birmingham (SCCB), where parents got to explore our college provision and explore how we are provision can help bridge the gap from school to mainstream college for their children.
