School uniform

Dear Parent/Carer,

I am writing to clarify some issues around the school uniform.

1. **School uniform is not compulsory at Key Stage 5 (16 -19).** It is entirely up to the student and yourself if they wear the school uniform.

2. **School uniform is compulsory in the rest of the school,** however,
 - a) Non logo shirts and fleeces are perfectly acceptable ensuring they are the right colour and style.

 - b) Although Clive marks has been recommended for the uniform other suppliers are just as good and may be cheaper.

 - c) The old logo can still be worn if you have already purchased uniform as we will have a transition period.

Thank you to a parent for pointing out that the Clive Marks website has the old logo. I can assure you that the uniform will have the new logo.

Also, another parent shared Asda, Sainsbury, Matalan, and M&S all supply the right colour blue polo shirts up to at least size 15/16. We are also registering with myclothing.com thanks to a parent recommendation, which apparently Provide uniforms at a cheaper price.

Please feel free to contact me should you require additional information.

Kind Regards

Anita Kumari
